# PLS Attendance

Attendance in the PLS is primarily taken for Independent Study. Ed Code states that IS attendance cannot be taken until on or after the last day of the learning period (LP). This is the default policy in the SIS. Contact School Pathways if you would like to change this policy.

## Part I: Claiming attendance for all students on roster:

On or after the last day of the LP, click on the Att symbol to open the attendance page. Hover over the Att icon for the correct LP to see the date range.

When one refers to **“Claimed Attendance”**, they are referring to attendance that has been reviewed and saved. In the above view, even though we can see the pending **IP** attendance marks, we know it has not been saved (claimed) yet because there is a white border around the colored boxes. Once the page is saved, the white border will be gone which indicates the attendance has been saved.

**NOTE:** If your school is using the PLS Activity Monitor and has the policy set to show discrepancy warnings, all boxes

will be set according to work noted on logs in student portal or to actual site class attendance.

Save.

You'll know the claim was saved because if you access the attendance again, color floods the boxes.
