Creating a New Custom Curriculum (without Rich Media content)

This manual shows the basics of creating a new custom curriculum. For more details on editing and enhancing your master curriculum with Rich Media Content including videos, see the manual: PLSIS – PLS Dimensions¹⁾

How do I get there? **Teacher Pages>Manage Curriculum**

Part 1: Module by Module Creation

You will see any curriculum you’ve already created or are already using with your students in a list. Click on the  to start the process for your new curriculum. If you just want to edit an existing curriculum, click “Edit Content” to the right of the curriculum name. Then jump to Step 1 - #2 in this manual.

Local Id	Name	Owner	# Classes	Edit	Sharing
5445	Algebra IA (Brenneman 2015)	Brenneman, Kathleen	0	Edit Properties	Edit Content
5444	Algebra II [SP] [Custom]	Brenneman, Kathleen	1	Edit Properties	Edit Content
5481	Chemistry (2015-16) Brenneman [SP] [Custom]	Brenneman, Kathleen	1	Edit Properties	Edit Content
5482	Chemistry (2015-16) Brenneman	Brenneman, Kathleen	0	Edit Properties	Edit Content
5427	Life Skills	Brenneman, Kathleen	0	Edit Properties	Edit Content
3366	Sewing 1	Brenneman, Kathleen	21	Edit Properties	Edit Content

1. Naming your curriculum crates a folder for your future assignments, objectives, and standards.

Text (Description):

Hide Course:

Cancel Save & Exit
Save, Edit Curriculum

1. Name the curriculum. The curriculum name you create should make this curriculum easy

to find in a list at a later time. Names such as English 9 or 7 Language Arts are typical but not as good as English 9 (JSmith 15-16) or 7-8 - Science - Company Name (2016)which notes the author of the curriculum and the school year it was created.

2. Choose a curriculum category
3. Check the State and/or Common Core Standards this curriculum will refer to.
4. Grade levels refer to which standards will be available when creating the curriculum..
5. Your name will show as the owner. Depending on your permissions in the system, you may change the course owner.
6. Note any textbooks or other pertinent information you may want to refer to later.
7. Checking HIDE prevents the course from being available to use in the system.

Either **Save & Exit** your curriculum folder to go back to the main list of all curriculum, or click **Save, Edit Curriculum** to go directly to start creating your curriculum.

You can always click on the Edit Properties from the main list o change/edit your curriculum folder or to delete.

Local Id	Name	Owner	# Classes	Edit	Sharing
5445	Algebra IA (Brenneman 2015)	Brenneman, Kathleen	0	Edit Properties	Set Course Shares
5444	Algebra II [SP] [Custom]	Brenneman, Kathleen	1	Edit Properties	Set Course Shares
5481	Chemistry (2015-16) Brenneman [SP] [Custom]	Brenneman, Kathleen	1	Edit Properties	Set Course Shares
5482	Chemistry (2015-16) Brenneman	Brenneman, Kathleen	0	Edit Properties	Set Course Shares
5427	Life Skills	Brenneman, Kathleen	0	Edit Properties	Set Course Shares
3366	Sewing 1	Brenneman, Kathleen	21	Edit Properties	Set Course Shares

2. Click Edit Content to start your custom curriculum creation.

1. Click to Add Module. A module is School Pathways' name for a unit of study - similar to Unit or Chapter.
2. Add a Title to the module. You may optionally add objectives and assignments at this point as well. The system automatically numbers all items.
3. Each item must be separated by a blank line.
4. Confirm to view the Module you created.

Module Number: 1

Module Title:
Unit 1: Numbers: Chapter 1: Integers - (Introduction - 1.2)

Objectives: (separate each objective with one or more blank lines)
Learn positive and negative numbers.
Learn about opposites.
Understand Integers and Opposites on a Number Line.

Assignments: (separate each assignment with one or more blank lines)
READ: Lesson 1.1: Integers and Opposites on a Number Line p.9
COMPLETE: Lesson 1.1: Your Turn p.10
COMPLETE: Lesson 1.1: Guided Practice p.10
COMPLETE: Lesson 1.1: Independent Practice pp.11-12
COMPLETE: Lesson 1.2: Comparing Positive and Negative Integers p.13
COMPLETE: Lesson 1.2: Ordering Positive and Negative Integers p.14

Add Space between each objective

Add Space between each assignment

5. Go Back, Edit or Save as Is to view your module

Has Everything Been Entered Correctly?

Module Title: #1; Unit 1: Numbers: Chapter 1: Integers - (Introduction - 1.2)

Objectives:

1. Learn positive and negative numbers.
2. Learn about opposites.
3. Understand Integers and Opposites on a Number Line.

Assignments

1. READ: Lesson 1.1: Integers and Opposites on a Number Line p.9
2. COMPLETE: Lesson 1.1: Your Turn p.10
3. COMPLETE: Lesson 1.1: Guided Practice p.10
4. COMPLETE: Lesson 1.1: Independent Practice pp.11-12
5. COMPLETE: Lesson 1.2: Comparing Positive and Negative Integers p.13
6. COMPLETE: Lesson 1.2: Ordering Positive and Negative Integers p.14
7. COMPLETE: Lesson 1.2: Writing Inequalities p.15
8. COMPLETE: Lesson 1.2: Guided Practice p.16
9. COMPLETE: Lesson 1.2: Independent Practice pp.17-18

You now see your first module. Click the > to the left of the blue Module folder to expand and view lessons.

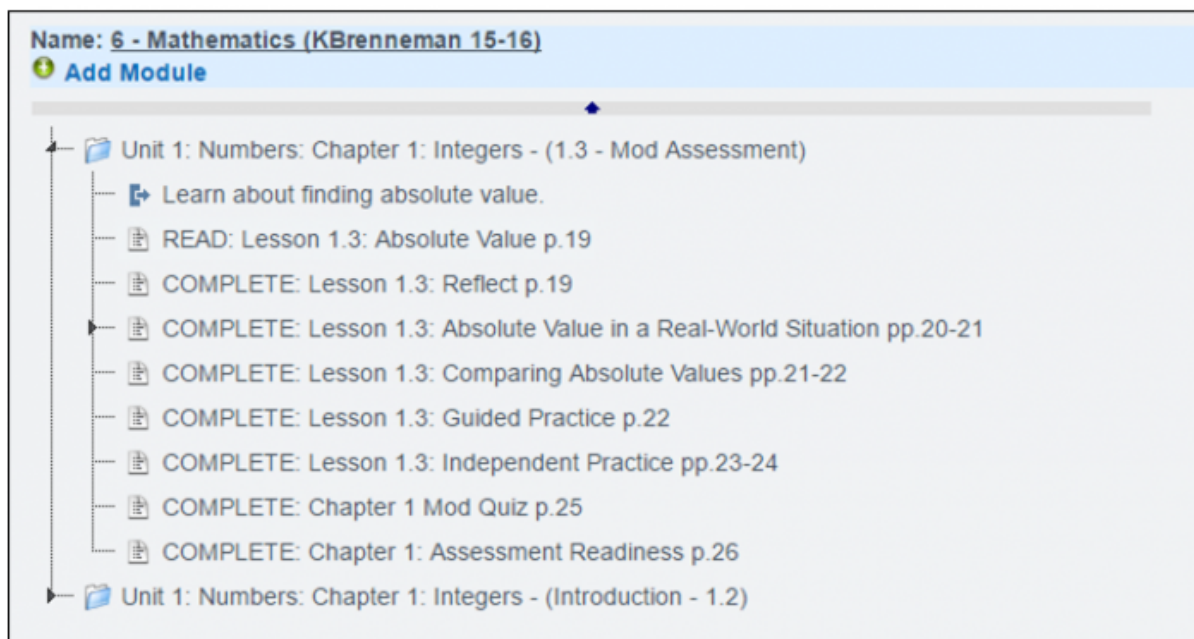

Name: 6 - Mathematics (KBrenneman 15-16)

+ Add Module

Unit 1: Numbers: Chapter 1: Integers - (1.3 - Mod Assessment)

Unit 1: Numbers: Chapter 1: Integers - (Introduction - 1.2)

Expanded View.

Go back to step 2. a-f to create your next module.

Objectives are designated by

Assignments are designated by

Standards are designated by

3. Editing your module

1. Click on any item. The blue highlight shows it is in edit mode.
2. The text of the blue highlighted item shows in the Title box to the right. Edit if necessary and then click Save Edit. You can add a link here also.
3. Attach a sub assignment, objective, standard, or resource.

4. When edits and additions have been completed, click Save Curriculum.

4. Re-ordering your modules

1. Close all modules using the black ►
2. Left click on the module and drag it up. Release the left click to drop it in its new location.
3. Change the number in the Key/Url: field to the right to the correct number order.
4. Save Edit

5. Moving items within a module

1. Left click and drag any items to a new location.
2. Note where black ► is. If you want an item indented, drop when the black ► is indented.
3. Save Edit.

6. Adding more assignments.

1. Click on the module title.
2. Click on Assignment in the "add new items..." drop-down.
3. a new assignment called "New Assignment" will appear in the list of assignments on the left.
4. Click on the words "New Assignment" to edit.
5. Save Edit.

7. Appending standards to your assignments.

1. To add a standard to a specific assignment or module, click on the assignment or module wording then choose Standard from the drop down. The item highlighted in blue will gain the appendage.
2. Open the standards viewer by choosing "Standard."
3. Open standards by clicking on the blue ►. You can also filter by adding key words.

4. Check any items you want to attach.

Filter and then check the standard.

5. SAVE at the bottom right.
6. The standard is now attached to the assignment.

8. Adding Resources to your assignments.

- See manual PLS - Curriculum - PLS Dimensions.²⁾

9. Using your curriculum.

1. Attach your curriculum to any class to create a grade book. See manual CMS - Grade Book - Attaching Curriculum (Instructors).
2. Attach your curriculum to any PLS class individual learning. See manual PLS - Classes -

Add New and Copy to Other Students 9.8.16

3. You can edit your curriculum at any time and it will be updated in the curriculum attached to your grade book. BUT, the updates will not alter any assignments already assigned.

Part 2. Editing a School Pathways Curriculum Lesson Plan.

This feature is only available for schools using the PLS or have added this extra value module.

To Begin, Click on the Import Curriculum button:

Local Id	Name	Owner	# Classes	Edit	Sharing
4384	0-8 - Great Science Adventures, Discovering Earth's Landforms - Common Sense Pre [SP] [Custom]	Reeves, LeAnn	7	Edit Properties Edit Content	Set Course Shares
4559	0-8 - Great Science Adventures, The World of Light and Sound - Common Sense (200 [SP] [Custom]	Reeves, LeAnn	1	Edit Properties Edit Content	Set Course Shares
4391	0 - California Mathematics, Concepts, Skills, and Problem Solving - Macmillan Mc [SP] [Custom]	Reeves, LeAnn	1	Edit Properties Edit Content	Set Course Shares
4966	11 - DSCHS 2003 Holt Language and Literature (2007)	Reeves, LeAnn	0	Edit Properties Edit Content	Set Course Shares

Use the sort features to find the curriculum lesson plan you want to borrow. Leave "Range" set to "Global" to find School Pathways curriculum lesson plans.

Any SP curriculum in the system that matches your search criteria will be listed. Use the Ctrl/F key to narrow your search further.

Course	Creator	Select
3-HS - Key to Decimals - Key Curriculum Press (1985)	Admin	View/Print Import
3-HS - Key to Fractions - Key Curriculum Press (1980)	Admin	View/Print Import
