# Accessing Student Portal Administration

Always use secure methods of password retrieval and when distributing them to SIS users.

## I. Set Password Policies

- Step 1. **Administration» Settings» Policies**
- Step 2. Choose the 'security' group
- Step 3. Policy number 7 allows you to decide if you want to require **Strong** security or medium security passwords

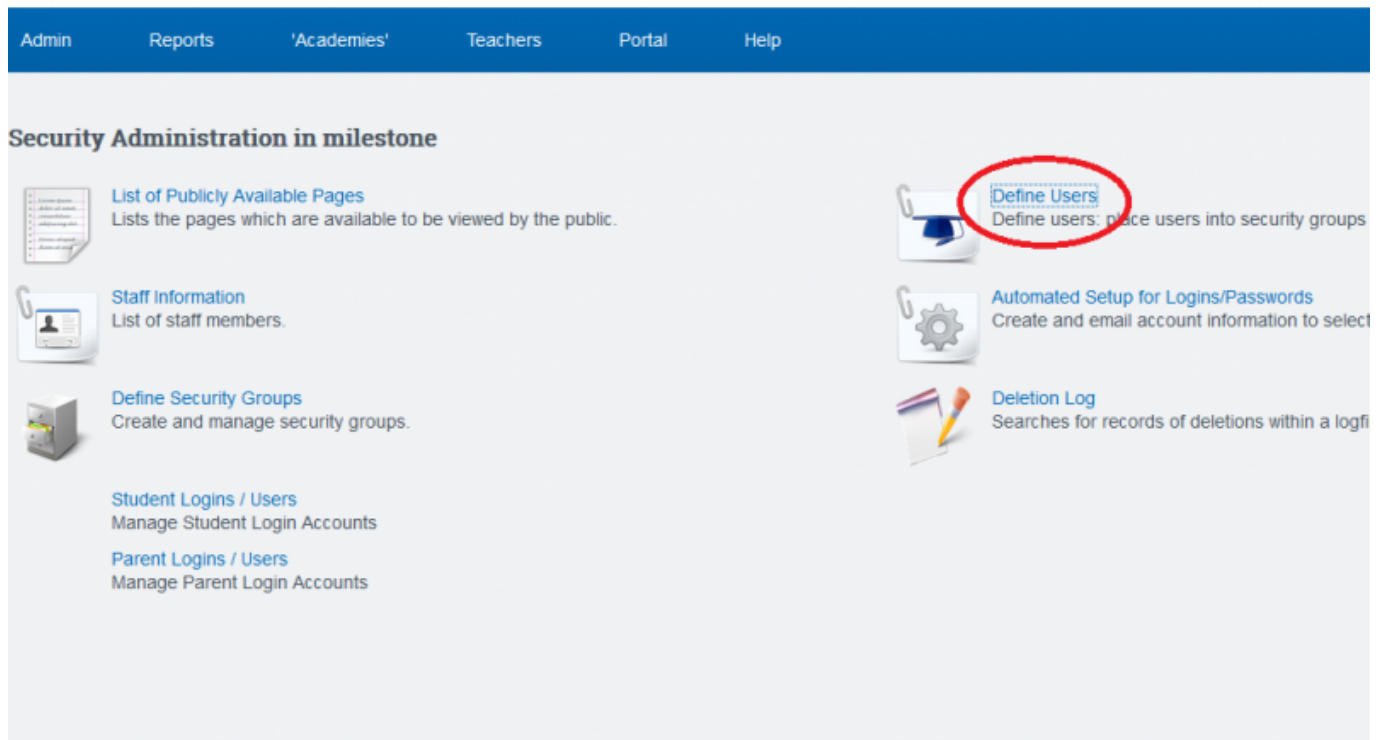

| Policy Number | Policy Name   | Page                        | Format                | Default | Options  |
|---------------|---|-----------------------------|-----------------------|---------|--|
| 1.            | Student LOGIN ACCOUNT creation format.  | (Page: studentloginformat)  | (studentloginformat)  | All     | What format do you want to use to create student logins? See Admin > Settings > Security > Customizing Default Logins. (Default: [firstname].[id]) [schoolemail]   |
| 2.            | Student DEFAULT PASSWORD format.  | (Page: studentpwformat)     | (studentpwformat)     | All     | What format do you want to use to create student logins? See Admin > Settings > Security > Customizing Default Logins. (Default: [randomstring]) [upperlastname][loweri]   |
| 3.            | Should students be REQUIRED to CHANGE their PASSWORD the first time they log in?  | (Page: studentchangePW)     | (studentchangePW)     | All     | It is a good idea to have the student change their password when they first log in. Require this? (Default: yes)<br><input type="radio"/> No<br><input checked="" type="radio"/> Yes   |
| 4.            | Do you want users to ONLY see the LINKS they have ACCESS to?  | (Page: menuhidesdisallowed) | (menuhidesdisallowed) | All     | By default, the menu shows all links possible in the system. Changing this policy to true means that only links you have permission to will be displayed.<br><input type="radio"/> No<br><input checked="" type="radio"/> Yes  |
| 5.            | Store staff passwords encrypted?  | (encryptstaffpasswords)     |                       | All     | Passwords can be kept in plain text in our database or in an encrypted form. Keeping passwords in encrypted form is recommended as it provides protection even if there is a system compromise. However, this makes it impossible to send passwords to 3rd party systems.<br><input checked="" type="radio"/> No<br><input type="radio"/> Yes                  |
| 6.            | Should students be able to use their SSID, LOCALID, OR LEGACYID for a USERNAME and their TEACHER'S LAST NAME for a PASSWORD, instead of a more secure, but more difficult option? | (Page: insecurepubliclogin) | (insecurepubliclogin) | All     | By default, public login for the student portal is done securely with a username and password for each student. If enabled, students will log in using the less secure model of their student number (SSID, Local ID, or Legacy ID) for a username, and teacher's lastname for a password.<br><input checked="" type="radio"/> No<br><input type="radio"/> Yes |
| 7.            | Let students use PASSWORDS of MEDIUM STRENGTH INSTEAD OF requiring COMPLEX, STRONG PASSWORDS?   | (Page: allowmediumpw)       |                       | All     |  |

- Step 4. Secure passwords include those that have the following:
  - 8 characters long
  - Have at least one capital letter
  - Have at least one lowercase letter
  - Have at least one number
  - Have at least one symbol (\*&^%\$! etc.)

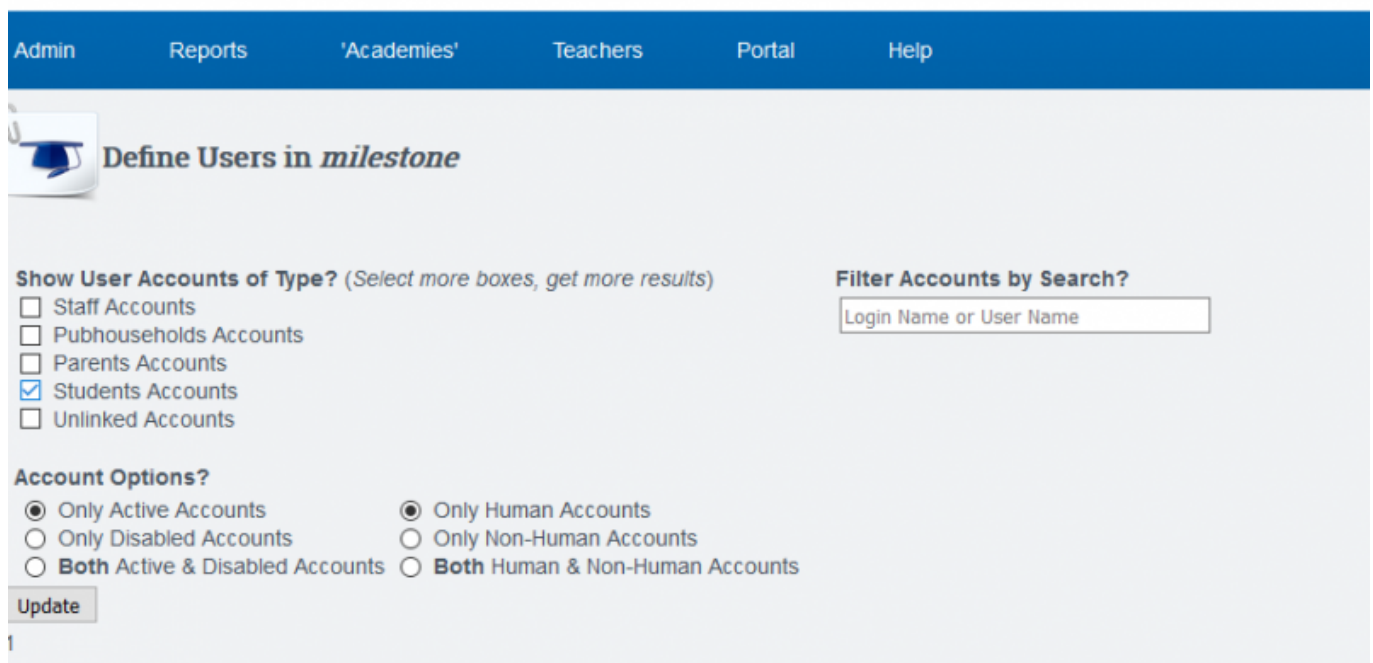

Set the policy and save

## II. Administration View of Student Passwords

- Step 1. Admin» Settings» Security » Security
- Step 2. Choose Define Users

- Step 3. Choose the appropriate settings needed

- Step 4. This will generate a list of students to view. Click Set Details to change password, username or account expiration

## ALTERNATE OPTION

- Step 1 Admin» Security» Security» Security

- Step 2 Choose Student Logins to view user information

**Security Administration in milestone**

- List of Publicly Available Pages**  
Lists the pages which are available to be viewed by the public.
- Staff Information**  
List of staff members.
- Define Security Groups**  
Create and manage security groups.
- Student Logins / Users**  
Manage Student Login Accounts
- Parent Logins / Users**  
Manage Parent Login Accounts
- Define Users**  
Define users: place users into security groups
- Automated Setup for Logins/Passwords**  
Create and email account information to select
- Deletion Log**  
Searches for records of deletions within a logfi

### III. Student Login Page

The teachers often are the ones who need access to tell their students the login info.

- Step 1. Go to Teachers» Logins
- Step 2. Check either the box at top to show all passwords or the box next to the individual name to show student password

Currently showing 8 records for teacher Higgins, Marianna as of 02/23/2016.

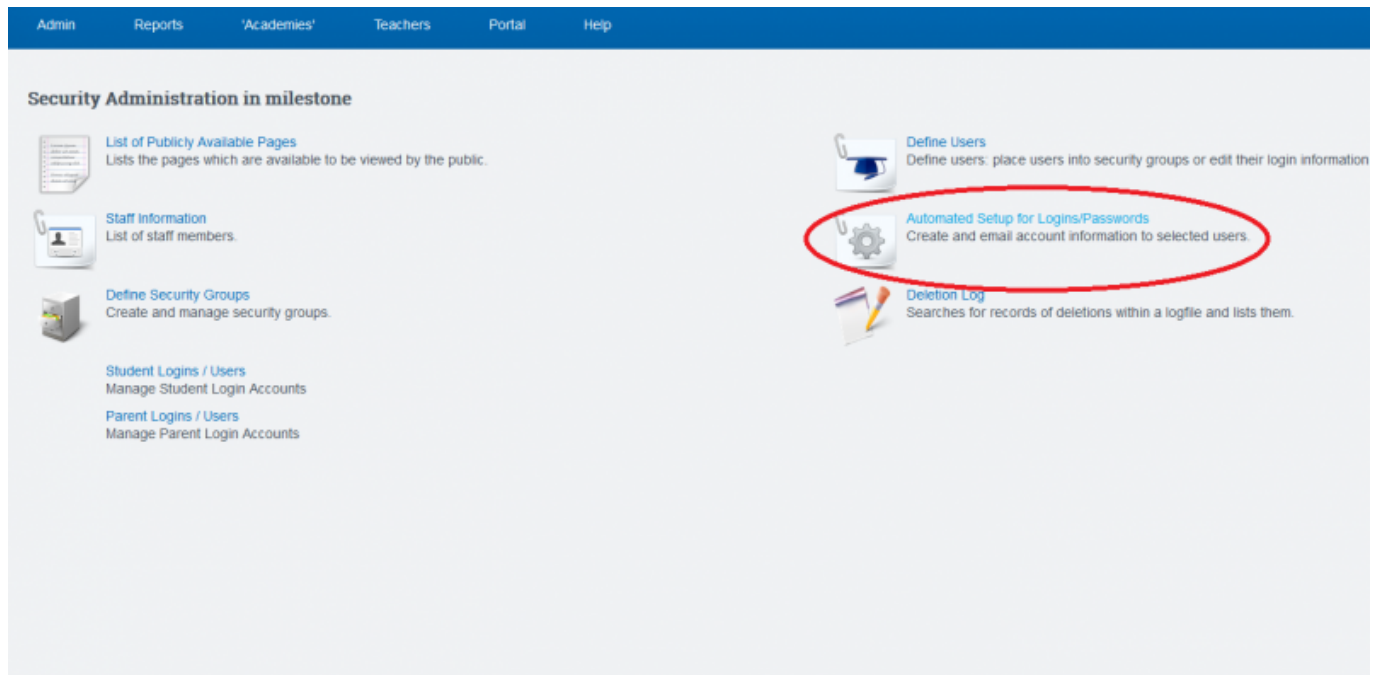

Show All Passwords: ☐

**Letter to parents**

February 24, 2016 11:33pm

Dear John Doe,

Your participation in the education of your child can make a big difference in their success. We hope you take advantage of the portal system to view student assignments and grades.

This email provides you a link to the Milestone Prep Academy Student Portal. Use the login information below to gain access to the system. You will be required to change your password the first time you access the system.

Start the process by clicking on this link:  
<https://milestone.ptais.com/mod.php/login.php>  
 If the link does not work here is the url:  
<https://milestone.ptais.com/mod.php/login.php>

Your username is:  
 juser1  
 Your temporary password is:  
 supersecret5!

If you have any questions or have difficulty logging in, please call the school for assistance. 530-249-2001

Thanks for accessing the Portal!

Sincerely,  
 Milestone Prep Staff
