Attendance Codes and Claim Override

When students are marked absent or tardy, schools enter a code for the type of absence. This manual explains how to set up the codes your school will use and the two ways you can mark the codes for the absent days.

I. Setting Codes your School Will Use

- Step 1. In the SIS go to **Admin>Attendance>Admin>Attendance Codes**

- Step 2. To enter new codes, click Add New under the desired program type. Some codes are preset.
