Test Registration System - Administration - CAASPP

351_-_caaspp_test_registration_system_webinar_1-18-17_.mp4

1/18/2017 Webinar Wednesday video reviewing the CAASPP Test Registration System. For more Webinar Wednesday videos, click here.

The Test Registration System allows you to organize your testing locations/events, students taking tests, site coordinators, and proctors managing tests for CAASPP testing. After the system is set to your specifications, teachers can help register students for specific test sites/events. There are also options for mass registration of students utilizing the compliance report. In addition, if you are District school, everything can be set up at District Level and then copied to the individual Child Scopes.

CAASPP ADMINISTRATION

CAASPP Registration Windows / Basic Information

Test Administrators set-up Registration Windows which will allow teachers to register students during the designated registration window only. Only Administrators will have over-ride capabilities when it comes to student registration after the close of the registration window.

Create a letter that your teachers will see when they start the registration process. Also enter the date registration starts and the registration end date. Check box when you want these details to display to staff. SAVE.

Delete Reg Window will delete all events, registrations & test attendance for that particular window. It is important to delete the old reg windows and create a new reg window when starting the new school year so you have a clean slate. Do not edit dates on reg windows for a new school year.

Opening Letter (10 start)	For the 2014-2015 School Year, administered to grades 3rd-8th Math. In addition, students in 10th grade will take the Scien all be ordered using TOMS via just being asked to indicate w student will use.	CAASPP will be , lith for ELA and the Sth. Sth and ce CST. Tests will ETS. Teachers are hich test site their

NOTE: Once the registration window is closed, teachers will not be able to register students. Test Coordinators will still be able to register from the Compliance Report

Questions to Ask

The "questions" are meant to help teachers with test registration. Because the CAASPP testing dates are only open to certain students in certain grade levels, you might think of this as you create your questions. You can add as many questions as you wish. You can also edit your questions. Questions are not required. Some samples of questions you might ask are below. Click "Add another question", enter question, SAVE. (Questions can also be deleted from this screen).

Test Event Locations

Click on 'Add new location' to start adding rooms/buildings. If you are a school, add all the rooms you will be testing in. If you are an independent study program, you may be adding places like Memorial Hall, a community library, and a day care center. Make sure to add the address of these places. Add

https://schoolpathways.com/knowledgebase/

all basic information and then SAVE. Edit any location by clicking the EDIT for Location.

Mass Registration/Mass Delete - Select the check box next to students, click Mass Register Students, Select Test Location/Event from drop down menu, type CONFIRM, and Register. You may also Mass Delete Registrations.

NEW PAGE POLICY **(Released January 2017)** Page Policy (/ef/tests/register): Allows schools the ability to hide the option "Student will not be participating in current registration events" from the Teacher Registration Page

Student will not be participating in current registration events (overrides settings below)

Test Registration - Instructors - CAASPP

The Test Registration System is used to sign your students up for CAASPP. If you need help with this process, you should contact your testing coordinator.

To access the Test Registration: Teacher Pages > Test Registration > Choose CAASPP

Please note that once the Registration Window is closed you will not be able to register students for tests. Only Testing Coordinators will have the ability to make changes to registration.

Registration for CAASPP Examination 02/15/2016-03/11/2016

Registration for CAASPP Examination is currently CLOSED

Students who will not be tested will be grayed out. Students that have a blue arrow b to the left of their name can be registered for the test. Once students are registered for a test the Location/Event and Question and Answers will be displayed. Click the blue arrow b to register student for test.
