Setting School Calendars

I. Set/Define School Tracks

Note: If you are only using one calendar for your entire school, you do not have to change anything in this section.

If you want to add a new track:

- Step 1. Go to **Admin>Settings>School Calendars**
- Step 2. Click Add New Track

School Calendar Tracks

Schools can have more than one schedule running concurrently. Each calendar has its own set of dates and holidays which aren't necessarily related to each other in any way.

For example, you might have different schedules for different learning centers. Or, you might have different schedules for elementary students and high school students.

Each of these concurrent schedules is called a "Track". You can define any number of tracks. A track persists from year to year, and may contain any number of schoolyears.

Once a track is created, it may not be deleted or renamed but it may be hidden from view for new enrollments.

It is strongly not recommended to create a track unless you are certain you will need it!

Set School Calendar

Details for School Year: 2015 - 2016, Track "A"

Is Primary School Calendar? ☐

First school day: MM/DD/YYYY

Last school day: MM/DD/YYYY

Cutoff date for P-1: MM/DD/YYYY

Cutoff date for P-2: MM/DD/YYYY

Cutoff date for Year End: MM/DD/YYYY

Days of allowable P1/P2/YE Pre-Claim:

Is Primary School Calendar is used when trying to determine a school calendar to be used by default (you can only have one school calendar be the primary school calendar per school year).

The cutoff dates for the P-1, P-2, and Year End report dates lock attendance claims so that they cannot be changed.

For example, if you set the cutoff for P-1 at December 17th, attendance claims can be made or changed until 12:00 AM on the 18th of December. From that date forward, attendance claims up to and including the 17th of December cannot be changed.

"Pre-Claim" answers the fact that P1/P2/YE claims must be counted as of the cutoff date that the attendance is being claimed. In order to make this happen smoothly, EFs are allowed to make claims in advance of the P1/P2/YE cutoff dates up to (and including) the cutoff date. For example, if the P1 cutoff date was Dec 15, and you set the Pre-Claim period to 5 days, EFs would be able to make claims for days up to and through December 15th, as early as the 10th of December.

Calendar Size: 215 x 1600 pixels

* You must click the "Save Above Details" button to save the cutoff dates.

-Entering P1, P2, or YE dates are not necessary at this time and should not be set

-Click **Save Above Details**

- Step 3. Click "Define Dates"

-You will now add a check to every box to turn the box blue

-Or you can go to the bottom of the page and click the "Set all unchecked days to Normal Schoolday" check box. This will auto-fill all days to normal school days
