Contact Manager

[2017-03-01_14.03_webinar_-_contact_manager_ls_gtm_.mp4](#)

Contact Manager is a tool all staff can use to track comments/contacts with students and their families. Contact lists are automatically created for teachers that have an association with the students through homeroom or as independent study supervising teachers. Quickly allows staff to note time, focus, and outcomes of any meeting with any student. In addition, there is an option to send notifications to specific individuals, regarding the specific contacts.

The **Student Engagement** feature integrated into **Contact Manager** allows a school to track any instructional sessions for any student across time. Any staff member who deals with any student can leave brief information regarding:

- Time spent with the student (minutes, hours). This can be documented in the past or automatically in the present.
- Any type of educational activity can be tracked: phone, in-person, class time, small group instruction, tutoring, email, etc.
- Time and subject matter information can be left for every student in a class or for an individual student.

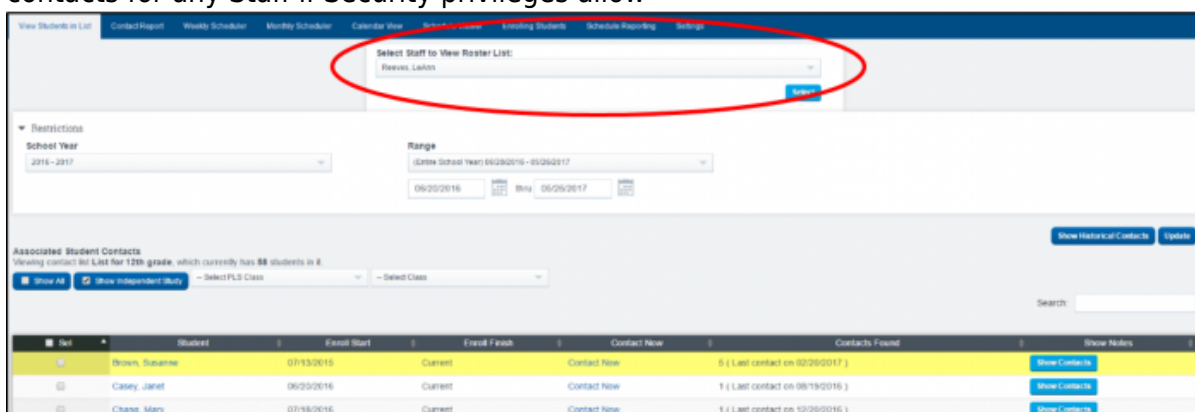

Depending on permissions set, some users will be able to view all contact lists while others will be able to only view the homeroom teacher's/independent study teacher's contacts if they too teach the student.

Access to Contact Manager

- Contact Manager can be accessed from four vantage points:

1. Administration > Student Info > Contact Manager

1. If you enter Contact Manager via this route, you have the ability to select and view contacts for any Staff if Security privileges allow

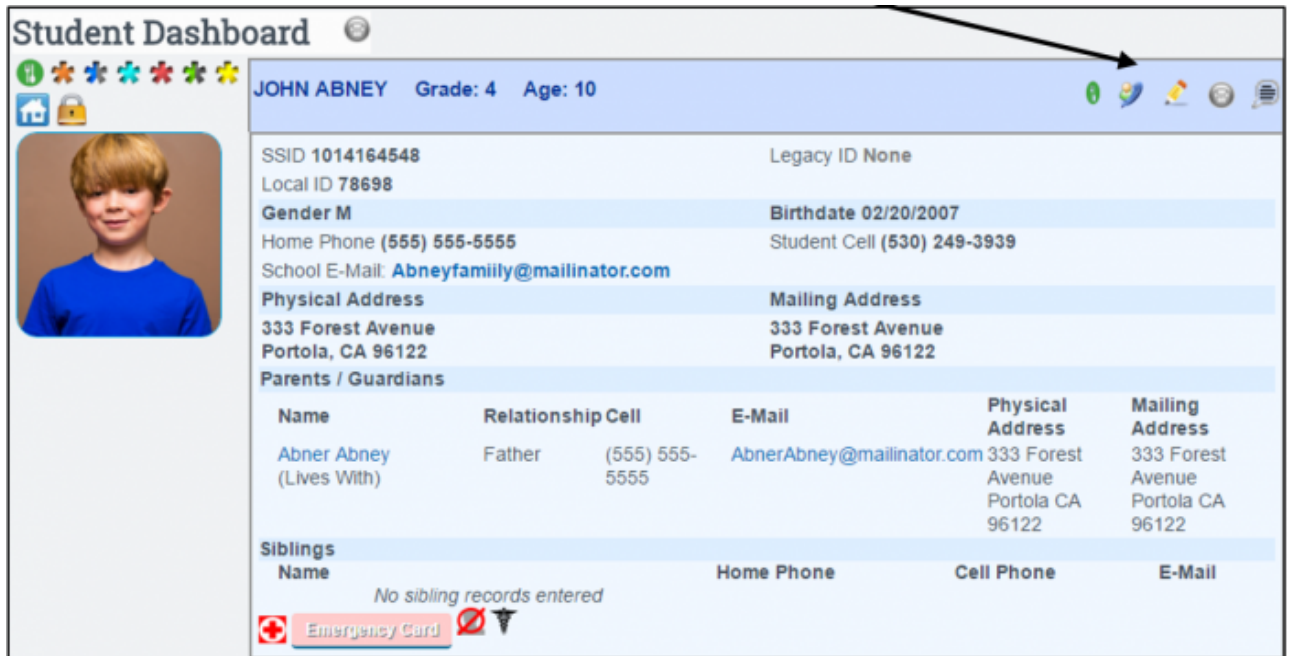

2. Teacher Pages > Contact Manager

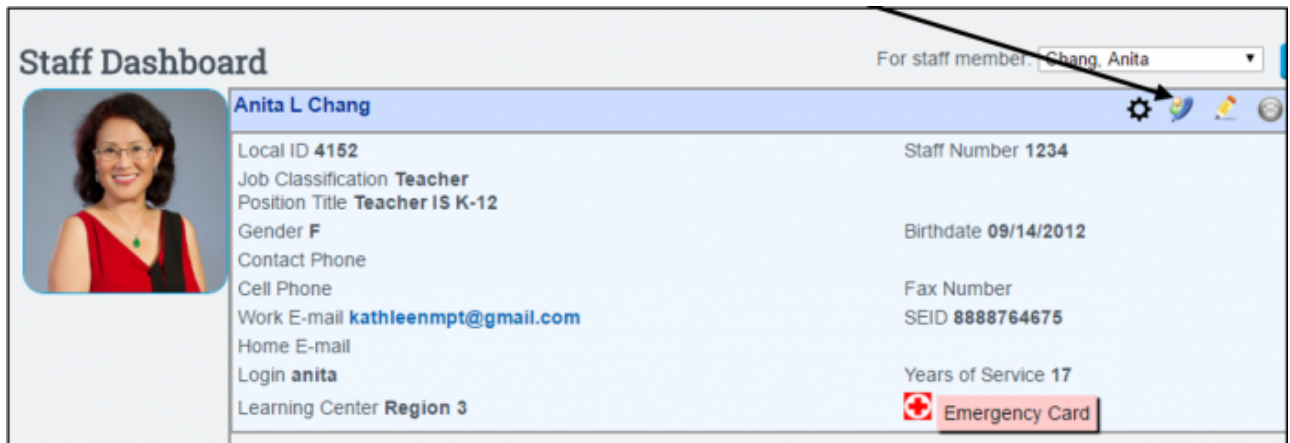

1. If you enter Contact Manager via this route, you only have the ability to select and view contacts for your rosters (Homeroom, PLS Classes, LC Classes, HQT Classes, SPED, etc.)

3. Each Student Dashboard via the icon

4. Each Staff Dashboard via the icon

Create Contacts for Selected Students

- Click “Contact Now” to create contact for individual student. Or select a group students and click the “Create Contacts for Selected Students” button.

How Do I Send Contact Manager Notifications?

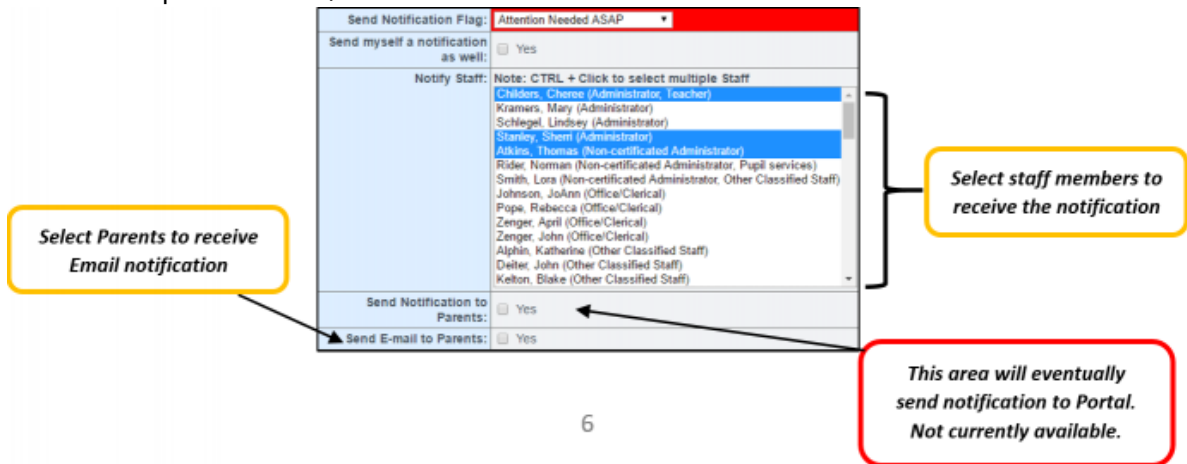

- When creating a contact in Contact Manager, you may send a notification to selected staff members and/or parents of the student, regarding the nature of the contact that is being created.

Recent Pages ▾ Enter search text 🔍 Students ▾ 

- Staff members will have notification flags appear next to the profile picture at the top of right of the SIS
 - Color of the flag indicates level of importance or priority of notification (Emergency, Attention Needed, Academic Failure, General Information)
- Sending a notification
 1. Create contact as described in steps above and enter all relevant information
 2. Prior to saving contact, select type of "Notification Flag" from the drop-down box. Once the flag is selected the color of flag will be displayed (Example: "Attention Needed ASAP" is highlighted red)

3. Select staff members to notify. Multiple staff may be selected by holding CTRL + Click to select multiple Staff and/or chose to send Parents an Email notification.

4. SAVE Contact
5. Once the contact is saved and you "Show Contacts" for a specific student "Notification Flag Information" the flag notification sent will be noted. You can also clicking on "Edit" of contact saved

Contact Manager Upload

Schools now have the ability to do an upload of data into Contact Manager by uploading a CSV file containing contact log information.

The Contact Manager upload tool can be found at **Reports > Students > Contact Manager Upload**

You will need to create a CSV file with the column headers pictured below. The red fields are required for a successful load, while the others are optional. Once you have the file ready to upload, click on the Choose File button, browse for the file on your computer, select the file, then click the blue Import button.

Contact Manager Upload

Example data (red fields are required):
