Dual Enrollment Courses for Academic and CTE Courses

2017-11-15_14.05_dual_enrollment_courses.mp4

Academic College Credit Codes as of 2019

Code	Name	Definition
9020	Visual Arts	College visual arts courses typically cover a variety of visual arts courses that are taken by a student in which the student earns college credit (dual or concurrent enrollment). This course may also count toward the high school graduation requirements (i.e., the student receives both college credit and high school credit). *This is not an Advanced Placement (AP) or International Baccalaureate (IB) course (AP and IB courses have their own Course Group State Codes)*
9082	Dance	College visual arts courses typically cover a variety of visual arts courses that are taken by a student in which the student earns college credit (dual or concurrent enrollment). This course may also count toward the high school graduation requirements (i.e., the student receives both college credit and high school credit). *This is not an Advanced Placement (AP) or International Baccalaureate (IB) course (AP and IB courses have their own Course Group State Codes)*
9096	Theatre	College theatre courses typically cover any theatre courses that are taken by a student in which the student earns college credit (dual or concurrent enrollment). This course may also count toward the high school graduation requirements (i.e., the student receives both college credit and high school credit). *This is not an Advanced Placement (AP) or International Baccalaureate (IB) course (AP and IB courses have their own Course Group State Codes).*
9120	English	College theatre courses typically cover any theatre courses that are taken by a student in which the student earns college credit (dual or concurrent enrollment). This course may also count toward the high school graduation requirements (i.e., the student receives both college credit and high school credit). *This is not an Advanced Placement (AP) or International Baccalaureate (IB) course (AP and IB courses have their own Course Group State Codes).*
9154	World Languages	College world language courses typically cover any world language courses that are taken by a student in which the student earns college credit (dual or concurrent enrollment). This course may also count toward the high school graduation requirements (i.e., the student receives both college credit and high school credit). *This is not an Advanced Placement (AP) or International Baccalaureate (IB) course (AP and IB courses have their own Course Group State Codes).*

Code	Name	Definition
9200	History/Social Science	College history/social science courses typically cover any history/social science courses that are taken by a student in which the student earns college credit (dual or concurrent enrollment). This course may also count toward the high school graduation requirements (i.e., the student receives both college credit and high school credit). *This is not an Advanced Placement (AP) or International Baccalaureate (IB) course (AP and IB courses have their own Course Group State Codes).*
9227	Other	Other college credit courses typically cover any other interdisciplinary academic courses that are taken by a student in which the student earns college credit (dual or concurrent enrollment). This course may also count toward the high school graduation requirements (i.e., the student receives both college credit and high school credit). *This is not an Advanced Placement (AP) or International Baccalaureate (IB) course (AP and IB courses have their own Course Group State Codes).*
9273	Mathematics	College mathematics courses typically cover any mathematics courses that are taken by a student in which the student earns college credit (dual or concurrent enrollment). This course may also count toward the high school graduation requirements (i.e., the student receives both college credit and high school credit). *This is not an Advanced Placement (AP) or International Baccalaureate (IB) course (AP and IB courses have their own Course Group State Codes).*
9303	Music	College music courses typically cover any music courses that are taken by a student in which the student earns college credit (dual or concurrent enrollment). This course may also count toward the high school graduation requirements (i.e., the student receives both college credit and high school credit). *This is not an Advanced Placement (AP) or International Baccalaureate (IB) course (AP and IB courses have their own Course Group State Codes).*
9358	Science	College science courses typically cover any science courses that are taken by a student in which the student earns college credit (dual or concurrent enrollment). This course may also count toward the high school graduation requirements (i.e., the student receives both college credit and high school credit). *This is not an Advanced Placement (AP) or International Baccalaureate (IB) course (AP and IB courses have their own Course Group State Codes).*

Setting Up Dual Enrollment College Courses for academic courses in the Course Catalog:

Suggestions for noting Dual-Enrollment College Courses in your Course Catalog to make it easy to find the Dual-Enrollment Courses you are supporting:

- Set up each of the categories in the list above in the following manner:
  - **CC English Language Arts**

- - **CC Mathematics**
  - **CC Foreign Language, etc.**
    Depending on how your Transcript Requirements are established, you may need to support a couple of extra choices when it comes to Science and Social Studies:
  - **CC Life Science**
  - **CC Physical Science**
  - **CC World History**
  - **CC US History**
  - **CC Economics, etc.**

Name	Year	School Type	District Set	Local Code	State Code	Credits	CTE Pathway	Transcript Category	Non-Std Instruction
College Credit Course - English	2019 - 2020	High School	No	CSU-9120-3	9120	10.00	None	English	Dual Credit
College Credit Course - English	2019 - 2020	High School	No	CSU-9120-4	9120	13.50	None	English	Dual Credit
College Credit Course - English Elective	2019 - 2020	High School	No	CSU-91203E	9120	10.00	None	Electives	Dual Credit
College Credit Course - Government	2019 - 2020	High School	No	CSU-920C-3	9200	10.00	None	Government	Dual Credit
College Credit Course - Hist/Social Science Elective	2019 - 2020	High School	No	CSU-920E-3	9200	10.00	None	Electives	Dual Credit
College Credit Course - Hist/Social Science Elective	2019 - 2020	High School	No	CSU-920E-1	9200	3.50	None	Electives	Dual Credit

For each **"CC Course"** you establish, fill in the information needed in the **"Edit Course"** column to support each choice

- **Important:** DO NOT "lock" the course as you will be adding Course Aliases for each specific Community Course any student may take. The Alias is the name that will appear on the Student's Transcript

Dual-Enrollment CTE College Courses:

The process for _CTE Dual Enrollment is DIFFERENT than the process for academic courses_:

- In the **Course Catalog**, support a course title for a specific College course.
- Be sure to **use a _CALPADS COURSE CODE_ for CTE Courses (7000-8999).** In the example below notice that the CALPADS code 8411 - for Criminal Law - is used. (Notice you are using _**regular CALPADS CTE Course codes**_ for these dual-enrollment courses).
- You **<u>must</u>** use the **Non-Standard Instructional Level** indicator to designate Dual-Enrollment

for a **"College Credit"** course. <u>Otherwise the course will not report as dual-enrollment to CALPADS!</u>

- Remember: many college courses are **a-g**. Be sure and **choose** the appropriate **A-G State Univ. Requirement Met designation** if this is the case.
- Also remember to **check the appropriate CTE Information** on the lower right-hand side of the page.
- **SAVE your changes**.

FAQs

1. **Question: We have students who take Dual-Enrollment Courses during the summer. They give us their college-course transcript and we enter those directly into their Transcript in the PLSIS. How do we assure the school gets credit for those courses during EOY reporting?**
   Answer: Unfortunately, the school will only get credit for those courses that the student takes

during his/her regular school year and <u>NOT for courses taken outside of the regular school year.</u>

Only if the student has an active enrollment in the school at the same time he/she is taking a dual-enrollment course that will be reported in CALPADS EOY (End-of-Year Reporting)for the active school year will they receive dual-enrollment credit on the State Dashboards.

2. **Question: What is a Post-Secondary Articulated College Course?**
   Answer: A Post-Secondary Articulated College Course is taught at the school by an instructor who has received the course syllabus from the college and who has permission from the college to teach a college course. The school actually completes articulation paperwork from the college and submits that paperwork for approval. After approval, the course then becomes a Articulated College Course and qualifies for Dual-Enrollment in CALPADS.

3. **Question: We are aware that schools grant additional credit for dual-enrollment courses. What is the recommended 'multiplier' for determining what that additional credit will be?**
   Answer: **There isn't a specific recommended multiplier. This is determined by the school and is supported via Board Policy. For example, the school may determine that if the student is taking a** Chemistry Course **in one semester at the Community College, the school will be giving that student 10 Credits - a full year's credit - to the student for that one semester in college. The Board Policy would say that for one semester's grade at a CC, the school will grant 10 credits.**

   Some schools prefer to "set a specific multiplier" instead. In some cases the multiplier may be 2.5 or even 3. In the case above, if the CC grants 4 Units for Chemistry** the school may set their multiplier for 2.5 to come up with 10 Credits. Our best recommendation is for the school to determine what works best for them and add that to their Board Policy.
