The NWEA test results are also available on the **Parent Student Portal**

The screenshot shows the 'Reporting' section of the Parent Student Portal. A sidebar on the left contains navigation options like 'Online Curriculum Connect', 'Activity Log', 'Assignments & Grades', 'Reporting', 'News/Events', 'Class Attendance', 'Class Schedule', and 'Class Registration'. A 'Graduation Requirements' badge shows '172/215'. The main content area displays a 'Test Score History' table with columns for Test, Term/Year, Test Date, Grd, RIT Score, and Student Percentile Range. Below the table, a detailed view for a Mathematics test is shown, including the overall RIT score (226), goal performance ranges for various math topics, and test duration (44 minutes).

The NWEA Testing Tracker

Teachers > Testing > NWEA 6-Month Testing Tracker

This tracker is a quick way to see what students have been tested and which students still need to be tested. When you first view this report after contracting with NWEA it will of course be blank as none of your students will have been tested.

However, as scores start to be entered in the SIS, you will see a summary of results

- Here is how the Testing Tracker looks before NWEA test data is imported into the SIS:
