- By highlighting and right-clicking you can "hide" cells you don't need to work with.
- Keep cells E, F & G (Grade, Student Last Name and Student First Name)
- Hide all other cells until you get to column AI (PFT Start Date Month)
- Now "freeze" panes by noting where you want to start the "freeze" (see below)
- You are now ready to fill in PFT Test Results for individual students. The "Frozen Frames" will make this job easy.

Ready to enter Student Data Results in your Spreadsheet

You have just prepared the Student Data Template Spreadsheet for capturing each student's PFT results. Be sure you refer back to the 2016-17 PFT Student Data Template Instructions (which were in the original zip file you downloaded) should you have any questions at all about how to enter your data!!

- When you are finished with testing, sign back into your District Portal and upload your results!
