- **Step 1.** Go to **Admin»Student Info» Find/Add a Student**
- **Step 2.** Choose **Find/Add Student**
 - To find a student in the system
 - Type basic info such as last name and click Search
 - If you do a search on the student and no results are returned, no student by this name is in the system. If you see a list of students, make sure this isn't a Re-Enroll. Re-enrolls should be updated!
- **Step 3.** Click **Add New Student** button

The student registration pages are broken into sections by tabs. The sections that have required fields are highlighted in red below (they will be represented by red asterisks in the SIS)

The screenshot shows the 'Demographics' tab of a student registration form. The form is divided into several sections with red asterisks indicating required fields.
