## **Special Program Enrollments**

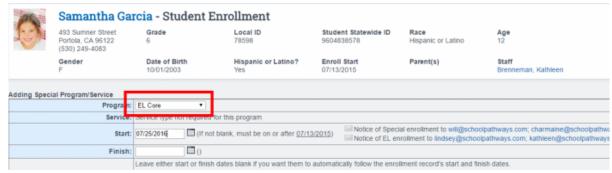

Special Programs your school uses must be chosen....

- In Admin>Settings>Special Programs, choose the special programs you wish to use at your school.
- 2. You can create your own custom special programs.

Once all special programs are set, go to student enrollments to enroll a student in a special program.

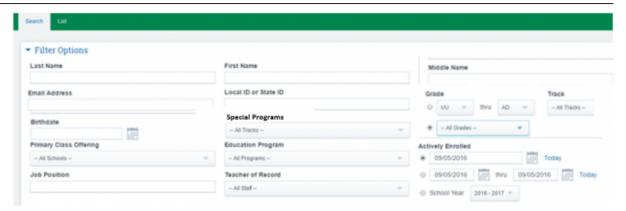

2. Find the special program(s) in the drop-down and enter a start date if different from the students first enrollment date in the school.

3. Show any special programs a student is enrolled in on the student dashboard.

4. Rearrange the student list search fields to accommodate the ability to search for students enrolled in any special programs.
