Curriculum Sharing

Curriculum sharing is available to share with all School Pathways schools (schools). It is not limited to schools within your district. Curriculum available in Teachers>Manage Curriculum can be shared. Once the Curriculum Sharing function has been turned on – you will be using the Manage Curricula (Teachers>Manage Curriculum) function and the Bookshelf function (Admin>Settings>Bookshelf Settings). If you do not see a school you wish to share with listed in the Bookshelf Settings area, please contact your School Pathways Account Manager.

Sharing from a School:

Location: Teacher Pages > Manage Curricula

1. Search the Master Curricula by ALL (all staff at your school) or a specific staff.
2. Under the Sharing column, click on one of the links to 'Set Course Shares' next to the curricula you want to share. You will later be able to choose more.

3. Set up schools to share:
 - To share curricula with a school, type in the scope name exactly as it displays on the browser bar for example: <https://milestonehs.plsis.com> would be typed in as milestonehs. This is typically done for you by School Pathways. Please call if you need assistance.
 - Click on 'Add Share.' If you get an error, contact your School Pathways Account Manager to allow the school setting.
 - When a school is added to share, the school will then display on the left side of the page under 'Currently Shared With'
 - If you would like to remove a sharing school, you can click on the red X next to the school name and the curriculum will not be available to share.
